

For more than a decade, OIL SAFE® has been the oil transfer management system preferred by leading companies around the world.

Best practice operations around the world count on OIL SAFE® to deliver clean oil from bulk storage to the point of use.

Innovative, practical and durable, the fully sealing and color coded OIL SAFE system:

- Makes lubrication work easier, faster, safer and cleaner
- Protects expensive lubricants from contamination
- Reduces machinery downtime
- Improves productivity
- Increases bottom line savings
- Improves OSHA compliance
- Is proven, simple and reliable
- Has withstood the rigors of the most demanding work environments

Exclusively from Reliability Brands and authorized distributors, the world's only system for complete fluid transfer management.

OIL SAFE is part of an innovative family of products that combine to form a revolutionary system for managing lubricants from bulk storage to the point of use.

The fully integrated fluid management system includes:
